BOTTOM-LINE AUTOMATION

2nd Edition

Peter G. Martin

ISA™

Table of Contents

List of Figures ..... **ix**

List of Abbreviations ..... **xi**

Foreword: **A Solution Without a Problem** ..... **xv**

Chapter 1: **The Drive to Economic Performance** **1**
Globalization — What It Takes to Survive 1
Pathway to Performance 4
The Technology Trend 5
The Quality Trend 8
The Accounting Trend 10
The Convergence 15
Notes 15

Chapter 2: **Technology and the Bottom Line** **17**
The Technology Trend 17
Technology for Manufacturing 18
Technology for Technology 21
Computer Integrated Manufacturing (CIM) — A Noun or a Verb? 28
CIM in the Process Industries 29
Lights Out Manufacturing 33
Labor and Education 36
Technology for the Bottom Line 43
Notes 52

Chapter 3: **Quality and the Bottom Line** **53**
The Quality Trend 53
Quality for Manufacturing 55
SQC in Manufacturing 59
Quality for Technology 64
SQC Fever in the Process Industries 65
Quality for the Bottom Line 68
The Convergence of Lean Manufacturing and Quality Improvement 73
Lean Manufacturing Concepts 74
Lean Process Plants 76
Notes 79

Chapter 4: **Cost Accounting and the Bottom Line** **81**
The Cost Accounting Trend 81
Cost Accounting and Manufacturing 83
Cost Management Systems 91
Accounting for the Bottom Line 94
Dynamic Performance Measures 102
Dynamic Performance Measures and Accounting 108
Notes 117

Chapter 5: **The Convergence** **121**
The Technology Trend and Dynamic Performance Measures 122
The Quality Trend and Dynamic Performance Measures 124
The Accounting Trend and Dynamic Performance Measures 126
The Convergence 128
A New Management Paradigm 129
Notes 132

Chapter 6: The Economic Optimization of Industrial Assets 135
Introduction..... 135
Primary Plant Floor Functions in Industrial Operations..... 137
Performance Measures for Primary Plant Floor Functions..... 139
Plant Asset Analysis 141
Human Assets 146
Traditional Approaches to Optimizing Plant Assets 147
Fundamentals of Mathematical Optimization..... 150
Traditional Approaches to Industrial Optimization..... 152
Optimizing Plant Assets for Business Performance..... 157
Asset Set Optimization..... 160
Requirement for Performance Vectors for Asset Sets 162
Business Value Analysis 165
A Pragmatic Approach for Optimizing Business Value from Plant Assets..... 167
Barriers to Deployment of Business Performance Optimization . 170

Chapter 7: Case Studies..... 173
Introduction..... 173
Case Study 1: Dynamic Performance Measure Program at a Major Pharmaceutical Company..... 174
Case Study 2: Dynamic Performance Measures and Culture at Dynegy Midstream Services..... 188
Lessons Learned 193
Notes 196

Bibliography 197

Index 209
