

## APPLICATION FOR AFFILIATE MEMBERSHIP

Affiliate membership is a means by which ISA members may keep informed about activities of other Sections, while retaining full membership in their own "home" Section. The benefit of affiliate membership is receiving meeting notices, newsletters, directories and other mailings as directed by the Section with which they affiliate. Knowing the activities of another Section enables participation as desired. Sections may establish fees for affiliate membership and are responsible for collecting the fees and tracking the affiliate memberships.

To request affiliation with Sections other than your "home" Section:

1. Write or call the Section with which you wish to affiliate and ask if there is an affiliation fee. (To access the address, go to [www.isa.org](http://www.isa.org). From the left navigation bar select the primary header Members & Leaders>Sections. This will produce an alpha listing of all Sections – and the option to search by state or country. When you identify the Section and go to its page, the President will be provided (scroll down) along with contact information.)
2. Complete one form for each Section with which you wish to affiliate. (To access the form at [www.isa.org](http://www.isa.org), select Members & Leaders>Leader Resources>Section>Admin Forms/Guides. The Affiliate Member Form is listed on this page.)
3. Send your completed form(s) to the Section(s) with which you wish to affiliate, along with a check if the Section has an affiliation fee.

**NOTE: ISA does NOT track affiliate memberships in its database. Sections track their affiliate members and invoice them directly, if an affiliate member fee is charged. Each Section accepting affiliates is responsible for identifying them and providing the benefits promised at the time of affiliation. Generally, affiliation is a one year commitment.**
