

# EXPO 2007

2-4 October  
Reliant Center, Houston, TX

## Industrial Communications Pavilion

**The central hub for data communications and networking at ISA EXPO**

The **Industrial Communications Pavilion** is one of the most sought-after exhibit areas at ISA EXPO.

A sell-out every year, this prominent pavilion showcases industrial data communication and networking products and services such as Ethernet, wireless, RFID, networking, radio, Modbus, Profibus, Foundation fieldbus, HART, Device Net, ASi Bus, ODVA, USB, IEEE 802.11, Bluetooth, Zigbee technology, fiber optics and more.

The Technical Conference features a track on networking, wireless and data communications to draw all the right prospects and customers to the exhibition. Your display in the **Industrial Communications Pavilion** helps attendees identify you as a vendor whose data communications and networking solutions will solve their current requirements.

### **Reserve your exhibit space today:**

Call Carol (919-990-9206 – [cschafer@isa.org](mailto:cschafer@isa.org))

Or Chris (919-990-9230 – [cjohnson@isa.org](mailto:cjohnson@isa.org))
