EXPO 09

ISA 6-8 October
Reliant Center, Houston, TX

Sensors Fair

The largest gathering of sensors buyers in North America

Locate your exhibit in the Sensors Fair and make it easy for your key customers and qualified prospects to find your sensor solutions.

The Sensors Fair is being brought back by popular demand! This dedicated exhibit space is located in a high profile area at ISA EXPO 2009, and reserved for vendors offering sensing technologies for industrial automation applications.

Sensors Fair will showcase sensors, transducers, sensors interface, and related technologies, including:

- temperature
- pressure
- level
- flow
- analytical
- humidity
- moisture
- vibration
- infrared
- acoustic
- interfaces
- data loggers
- software and other equipment.

Added Value:

- Spotlighted on the ISA EXPO 2009 Web site and in the Official Show Program
- Special distinction for your company in the Official Show Program
- Highlighting in the Onsite Floor Plan guides attendees to you
- Company listing in pre-show issue of *InTech*
- Product release in show issue of *InTech*
- Special attendee promotion
