

Ktech Industrial Products Inc.

20 Regan Road, Unit 11
Brampton ON L7A 1C3
Booth 1722

It's back! Ktech Industrial products has acquired the Midget 277 Levelometer line formerly manufactured by Kodon Controls Ltd. Prior to that, they were manufactured by Simmonds Precision and Liquidometer of Canada. The Midget 277 Pneumatic gauge has provided an economical way to achieve reliable and accurate tank gauging in vented tanks for more than 50 years.
