## Now you have better opportunities to enhance your career

Congratulations on taking a career enhancing professional step by joining the ISA Aerospace Industries Division (ASD). As a member of ASD, you benefit in two ways. First, you can network with your industry peers and share your expertise by volunteering for a variety of ASD forums for knowledge sharing. Second, you will have access to the many benefits exclusive to ASD Members such as:

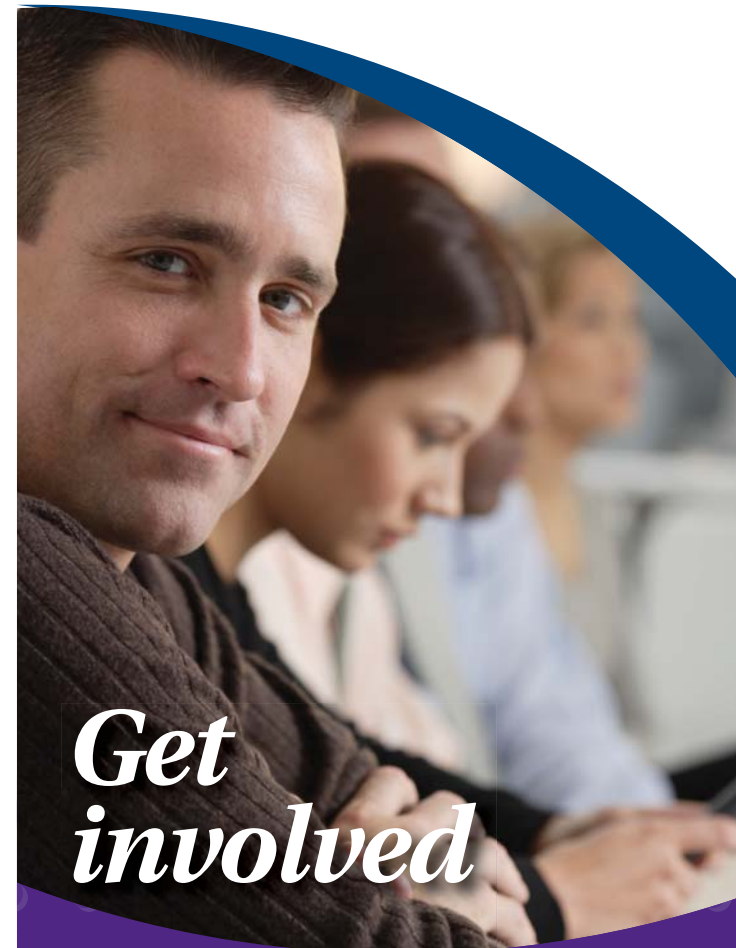

- Receiving the ISA ASD Newsletter
- Submitting technical papers for presentation at the International Instrumentation Symposium
- Attending the sessions of interest at the annual ISA EXPO
- Access to the ASD list serve
- Networking with ASD Peers

Share your knowledge at

# Get involved

with the ISA  
Aerospace  
Industries Division!

*Setting the Standard for Automation™*

# Get the most out of your Division Membership

The Aerospace Industries Division (also known as ASD) is organized within the Industry and Sciences Department of ISA. The goal is for professionals who are involved with aspects of instrumentation associated with ground testing, flight testing and control of airplanes, missiles and space vehicles, and with measurements made in evaluation of the medium through which they operate, to exchange ideas, information, and knowledge.

ASD membership aligns your personal interests with your professional goals. You have a wealth of industry knowledge at your fingertips, and are on the cutting edge of technology and developments. In addition, you now have the opportunity to share your experiences as well as the opportunity to learn from your peers.

There are numerous benefits and professional opportunities presented by the ASD:

- **Leadership Opportunity.** The opportunity to sharpen your leadership skills by helping to plan and conduct various annual ASD events.
- **Annual Events.** Participate in a joint symposium with the Aerospace Industries Division, Process Measurement and Control Division, and the Test Measurement Division as a co-sponsoring Division for the International Instrumentation Symposium (IIS).
- **Technical Writing.** Submit industry papers, review papers, and participate in session development.

- **Networking.** Increase visibility in industry for you and your employer and benefit from the opportunity to network with other industry leaders. In addition, you will increase your focus on your industry's applications.
- **Participation.** Be part of an active group that contributes to the development of industry standards.

**Valuable Information Resource.** In addition to the above, ASD membership provides:

- Two to three comprehensive industry newsletters per year featuring articles and papers from ASD Members and symposium participants.
- Access to the ASD website that provides industry technical papers, web seminars, and a list serve of industry peers.

## Invite your colleagues to join ASD

They will gain access to so much professional knowledge when they join you and the 16,000 ISA Members who have already realized the value of Technical Division membership. Your colleagues can learn more about joining ASD at [www.isa.org/divisions/asd](http://www.isa.org/divisions/asd) or by calling (919) 549-8411.

If they are not already ISA Members, they can join at [www.isa.org/joinISA](http://www.isa.org/joinISA) or by calling (919) 549-8411.
