

Setting the Standard for Automation™

55th International Instrumentation Symposium

**South Shore Harbour Resort
and Conference Center
League City, TX
1-5 June 2009**

Sponsored by the Aerospace Industries, Test Measurement, and Process Measurement and Control Divisions of ISA, the 55th International Instrumentation Symposium will provide an outstanding opportunity to gain valuable technical information and training in the traditional areas of measurements/sensors, instrumentation systems, data and advanced system/sensor technology, and many other state of the art areas.

Raleigh, NC
Permit #1461

Attend the IIS Symposium and learn new and innovative instrumentation techniques. The IIS symposium, now in its 55th year, is the longest running ISA Symposium and brings invaluable information, training, and networking opportunities to its audience of experts and leaders each year.

Be sure to take advantage of additional training while attending by registering for a training class!
