

LDAR Symposium 2012

14–16 May 2012
Astor Crowne Plaza
New Orleans, Louisiana USA

Exhibitor and Champion Prospectus

Position Your Company as a Leader in Air Compliance Technology

With a successful track record of bringing buyers and sellers together for more than a decade, ISA's 12th Annual Fugitive Emissions, Leak Detection and Repair (LDAR) Symposium gives your company the inside track to all the right prospects, customers, and influential industry professionals. **LDAR is the most credible, technically proven, and most well-attended event of its kind in the industry today.** It has become the air compliance industry's only conference solely dedicated to sharing best practices for Leak Detection and Repair and Directed Inspection and Maintenance programs.

As an exhibitor and/or high profile champion, you will have the opportunity to show your products and services and to build relationships with this unique group of LDAR program administrators, LDAR coordinators and supervisors, air compliance managers, environmental engineers, maintenance managers, reliability engineers, consultants, monitoring services contractors, and users. Conference content is prepared by leading industry experts with the support of regulatory and governmental agencies, and technical sessions are attended by hundreds of LDAR experts, industry professionals, and regulators from around the world every year.

Networking is the best way to advance your company within the LDAR community. Your exhibit space/champion package includes a full conference registration, scheduled luncheons, and receptions, helping to further your own education and offering networking opportunities even while the conference is in session.

The symposium schedule is arranged so that conference sessions and exhibit hours do not overlap. Exhibitors will have the full attention of conferees when they meet with them to discuss solutions and applications during conference breaks, meals, and receptions over a two-day period.

Exhibitors will display their products and solutions while Champions of the LDAR industry will have a display **and top visibility** with attendees before, during, and after the symposium. **Confirm your standing as a leading supplier with these key industry leaders—contact us now** to reserve your exhibit space or to inquire about the various event champion levels.

Build important alliances, increase your customer base, and increase profits!

Hurry!—Limited exhibit space and event champion packages are available.
