Ready to Position Your Company as an Industry Leader, Build Alliances, and Expand Your Prospect Base?

Exhibitor and Sponsorship Prospectus

Exhibiting at or sponsoring the **5th Annual Water/Wastewater and Automatic Controls Divisions Symposium (WWAC)** puts you face-to-face with a variety of industry professionals searching for your products, services, and insights! Use this focused event to build key business alliances and meet new prospects.

Meet and network with professionals holding titles such as COO, project manager, instrument technician, controls engineer, general manager, product line manager, and more. These attendees represent public utility companies, water technology companies, automation-, processing-, and controls-solutions providers, to name a few.

Join us to help professionals in the water and wastewater industry understand how automatic control applications affect processing and distribution of water treatment.

The symposium is scheduled so that conference sessions and exhibit hours do not overlap. Exhibitors will have the full attention of conferees when they meet with them to discuss solutions and applications during conference breaks, meals, and receptions over a two-day period.

Further your own education and networking opportunities while the conference is in session—your exhibit space includes one (1) full conference registration with scheduled luncheons.

See next page for sponsorship and exhibitor opportunities and floorplan.
