

**ISA Northwest Section**  
**Noel Phillips, Pres.**

June 27, 2003

Dear Mr. Phillips:

The students at Bellingham Technical College would like to extend to you our gratitude and appreciation for all the many ways that you have supported us in the past two years.

The ISA monthly meetings and tours that followed were not only interesting and informative and also gave us an insight into the many areas this trade covers. This covered companies such as Fluke, WA State Ferries, Arlington Water Treatment Plant, Ocean Kayak, Outback Power, Pacific Wood Tech, and many others.

The student section appreciates the way you have provided financial aide for student scholarships, Pizza Social, foreign exchange students and other uses to further our educational endeavors.

In closing, the undersigned wish to express our thanks to you and your group. In the future we look forward to continuing to serve the Northwest Section ISA in fulfilling its mission. We endeavor to maintain the high standards that have been modeled for us.

Sincerely,

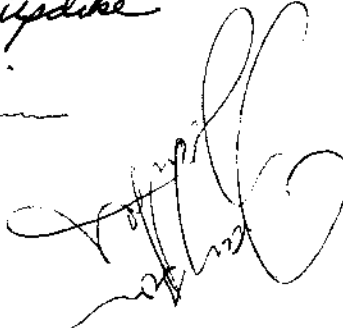

Cheryl A. Goetz  
Secretary, NW ISA Student Section
