A Message From.... YOUR PRESIDENT

Hello to everyone! The summer is coming to a close with a big holiday weekend. The school year is just beginning. Now, it's time to get our children excited about school, new clothes and all those books. Some exciting changes are also taking place in ISA's Orange County section. We welcome a new editor and publisher for the Chart, Robin Kellogg of R. Kellogg Associates. Robin has been editor for the Chart for many years and has formed her own publishing company. We feel it is important to keep the printing of the newsletter in Southern California. In fact, this largely affects the Orange County Section, since we hold our meetings on the second Wednesday of each month. We thank Robin for all your hard work. We all are looking forward to a quality newsletter.

This month's program will feature a discussion on "Foundation Fieldbus Digital Bus Technology". Our speakers are Wayne Lukehart of Fisher-Rosemount and Mike Manta of Caltrol. Other upcoming events include a tour of the Conexant Semiconductor Facility in October and the ISA College Section Career Opportunities planned for November. Our first education seminar, "Hybrid Systems and Applications," will be held on November 4, 2000. Our Education Chair Om Pande and Co-chair John Gong are planning this exciting education program.

If any of our members who attended the ISA Expo 2000 in New Orleans would like to share their experiences at this month's section meeting, please let me know I will give you a few minutes to talk.

Also mark your calendars for the ISA 2000 Christmas Celebration—it is just around the corner. This year's event will be held on December 2, 2000 at the Petroleum Club in Long Beach. Bis Mitra is busy planning this holiday event. Make your reservations with Bis.

Please feel free to contact me or any of the board members with your comments or concerns. We can be reached by phone or e-mail. Our names are listed on the column on the left.
