The Orange County and Los Angeles ISA Sections jointly present the Annual Christmas Dinner & Award Ceremony

Please join the Orange County and Los Angeles Sections for their Annual Christmas Dinner & Award Ceremony on December 8th at the Petroleum Club in Long Beach. This annual event serves a dual purpose. First, it gives members of the Orange County and Los Angeles Sections and others a chance to intermingle with one another in a social setting, and second, it allows each section to pay tribute to one special member who has served the section and/or ISA above and beyond the call of duty. The Orange County Section honors its chosen member with the Don Zee Award, while the Los Angeles Section presents the Jake Groenewegen Award to its honoree.

Robert Coel

This year, the Orange County Section will honor Robert Coel with the Don Zee Award for his outstanding service to the ISA and the industry. Robert has been an ISA member for 50 years. He was the Charter Member of the Orange County Section when it was separated from Los Angeles Section and also served as the first Membership Chair in Los Angeles Section. More information on Robert can be found on page 6 of this newsletter.
