Fieldbus Safety

By Ann Ke, Siemens

Presentation:

Ann will discuss issues related to Fieldbus Safety. The topics to be covered are as follows:

- History of the safety standards
- Evolution of safety standard hardwire to fieldbus
- Fieldbus acceptance in safety, i.e. Profisafe
- Layers of protection on the fieldbus
- Migration of a safety system into distributed controls
- Benefits of safe fieldbus

Speaker:

Ann Ke is a networking and field devices consultant at Siemens Energy and Automation with over ten years of extensive experience in industrial automation and networking. She is currently working on several projects requiring consultation for networking and field devices. Ann holds a Bachelors Degree in Electrical Engineering from California Polytechnic in Pomona, California.
