A Message From.... YOUR PRESIDENT

DUTY! This word has gone out of our vernacular for quite sometime. All of us would agree that it is the duty of every generation to stimulate, nurture and help the generations behind them. I believe that it is the DUTY of all ISA members to help the up and coming engineering graduates who are desirous of entering our honorable ISA community. In these tough economic times, it is easy to forget about our DUTY.

With that in mind, we have arranged a career night for the ISA student chapter at Cal State Fullerton campus. The College of Engineering and the Student chapter are looking forward to get a glimpse into the life of an Instrumentation and Systems Engineer. Over the years, the typical profile and skill sets of an Instrumentation Engineer has changed significantly. I hope our presenters will enlighten the graduating engineers about these changes. I expect this to be a rewarding experience for the ISA student body.

To top off this program, Don Zee has agreed to distribute copies of ISA student section members to his contacts in the region. Thank you Don for your pro bono work!

For the April meeting, we have arranged a plant tour for the Irvine Valley's Michelson's Reclamation plant. This personal tour will include escorts from engineering and maintenance personnel to pacify our curious minds. Don't miss it!

Raj Adani
