Proudly Representing:

Measurement & Control Instruments

YOKOGAWA

- Chart & Paperless Recorders
- Data Acquisition Systems
- Pressure, D.P., & Temp. Transmitters
- Magnetic & Vortex Flowmeters
- pH, Conductivity, & DO Liquid Analyzers
- In-Situ Oxygen & Humidity Analyzers
- Distributed Control Systems
- 1/4, 1/8, 1/16 DIN Controllers & Indicators
- Programmable Dual Loop Controllers
- Signal Conditioners & Lightning Arrestors
- Recorders and Actuators

- Instrument Enclosures, Cabinets & Heaters for Reliable Protection

- Calibrators, Pressure Products, Flow Products

- Point Level Switches for Liquids & Solids
- Ultrasonic, Radar, Capacitance Level
- Nuclear Density & Level Systems

ORION

- Water Quality Analyzers for DO, Silica, Sodium, Ammonia, Chlorides, Oxygen Scavenger, Calcium, Fluorides, Chlorine

POLYSONICS

- Doppler & Transit Time Flowmeters
- Open Channel Flowmeters
- Impeller Insertion Meters
- Liquid & Gas Density Meters

- Magnetic Liquid Level Indicators
- Auto Pumps & Seal Pots

- Thermocouple & RTD Sensors & Wells
- Thermocouple Wire & Digital Indicators
- Temperature Transmitters

- Non-contact Infrared Temperature Measurement
- Single-point & Ratio Sensors
- Linescanning Systems for Edge-to-Edge Measurement

- Steam and Hot Water Conditioning Systems
- Product Coolers & Samplers, Heat Exchangers
- Boiler Blowdown Heat Recovery Systems

- Velocity Averaging Flow Sensors
- Hot Tap, Manifold, and Mass Flow Designs

- Adaptive Model-Based Controller

- I/P Transducers
- P/I Transducers

- Industrial UPS Systems
- Rectifiers/Chargers, Batteries, Inverters
- Static Switches

- Digital Process Refractometers for Brix & Concentration Measurement
- Black Liquor Monitor Divert Systems
- Process Polarimeters & X-Ray Gages

- Digital Bargraph Displays

- Coriolis Mass Flowmeters

- Variable Area Flowmeters & Switches
- Insertion Turbine Flowmeters

- Flame Scanners & Amplifiers
- Flame Safeguard Monitors & Boiler Controls
- Portable Flue Gas Analyzers
- Hi Temperature Furnace Cameras

Valves & Process Equipment

- Control Valve Regulators & Actuators
- Instrumentation for Natural Gas

- Butterfly, Ball, Knife Gate Valves
- Technova Teflon Lined Valves
- Actuators

- High Performance Severe Service Control Valves
- Globe, Camflex, Butterfly, Ball Control Valves
- Regulators, Liquid Level Control
- Smart Positioners

- Desuperheaters, Heaters
- Ejectors-Syphons/Eductors
- Exhausters, Compressors
- Vacuum Pumps, Condensers, Scrubbers
- Turbine Flow Meters

- Gas-Burner Shutoff Valve Systems
- Oil-Fired Burner/Ignitor Valve Systems

Specializing in Totally Advanced Technology
