CALL FOR PAPERS

The ISA 2017 Leak Detection and Repair—Fugitive Emissions Symposium will be held 20–21 June in Galveston, TX US

Don’t miss your opportunity to share your expertise in air compliance and LDAR program solutions, with other industry experts presenting best practices, compliance requirements, and EPA regulations. Join us at the 2017 ISA LDAR Symposium to present these core issues and share how compliance regulations are affecting today’s LDAR industry.

General Subject Areas of Interest
- Environmental/LDAR Compliance
- LDAR Design and Validation
- Consent Decree Updates
- Implementing LDAR Programs at Plants and Refineries
- Fugitive Emissions
- NSPS Quad Oa
- LDAR Compliance
- Reducing Air Emissions
- Emission Performance
- LDAR Regulations
- Environmental Corrosion
- Infrared Technologies
- Contractor Reliability
- Emerging Technologies in LDAR
- LDAR Records Maintenance and Reporting
- New EPA Alerts—New Emission Regulations
- Oil and Gas
- QA/QC of LDAR Data
- Subpart W
- Regulations from the EPA and TCEQ
- Upstream and Midstream Technology

Submission Guidelines
Abstracts (including your contact information) should be submitted based on the LDAR subject matter and topics indicated. Abstracts should be 200 words or less and describe what the presentation will cover. Content must be non-commercial in nature. If your abstract is accepted, you agree to submit a presentation for the conference proceedings and to register for the ISA’s 2017 LDAR—Fugitive Emissions Symposium.

Send your abstract to ldarconf@members.isa.org. Your abstract will be reviewed by our LDAR Technical Presentation Committee. You will be notified via email that your abstract has been reviewed, accepted, or rejected. Abstract due date is 21 March 2017.
