Meeting Topic

"E-STOP!! The Waste Tank Is Overflowing!"

Improved Technology Equals Improved Level Measurements

Can your level measurements be better? The answer is Yes!!

This will be the focus of our January Meeting.

(Continued)

Fix your level measurement problems.

Mr Winton Roberds from Emerson Rosemount will review the field:

Level Measurement

- Varying technologies
- Differential pressure and recent enhancements
 - Electronic Remote Sensors
 - Thermal Range Extender
- Non-Contact Radar
- Guided Wave Radar
- Question and Answers

Winton is a Field Level Specialist with Emerson Rosemount and is based in Houston. He is responsible for all Rosemount Level Measurement Products for the Southern half of Texas, and he has 40 years of experience in the Industrial Level market on the Gulf Coast. Past positions include inside sales, outside sales, Technician and Regional Sales manager for both Representatives and manufacturers.

[President's Message](#)

Happy New Year, everyone.

I hope you all have a success full year ahead in your automation pursuits and otherwise.

Please start the new year right by coming to our meeting on the 19th, and plan to come to the rest of our meetings this spring.

Keep an eye out for announcements about our Expo - Automation Showcase next October 18th and plan on participating if you can.

Best wishes,

Jerry Hidahl
