Meeting Topic

ELECTRIC TRACING: A HOT TOPIC!!

We are going to heat up the Gig!! Heat tracing may be far from the mind when we are looking at a long hot Texas summer, but the need for it can be year round and you certainly want it to work when it is needed.

The presentation this month is about recent advances in heating cable technology. Our presenter is Steve Makar, Vice President of Drexan Energy Systems Inc.. He will discuss Life-Expectancy Testing of Heating Cables with some comparative examples; advances in Heating Cable Power Connection / Splices/Tees; and New Options for High-Temperature applications of non-polymeric heating cables.

Steve has a Bachelor of Science from McGill University and an MBA from Cornell University.

. **Don't Miss This Meeting!!**

and the Section extends a Hearty "Thank You".***

President's Comments

A reminder that the Section's officers election will be on the agenda for the May Meeting.

The Leadership Team had a good work session April 29th. The meeting schedule for the 2016-17 year has been posted. Again all meetings will be on Tuesdays. Richard Booth has joined the Leadership Team and is helping with the Expo committee. Welcome and thank you.

EXPO Update

Arrangements for the section's biannual 2016 Expo have been finalized with the Holiday Inn Walden Road in Beaumont. There will be 56 booths in the grand ballroom with three food and beverage locations. A Professional Ethics seminar is one of several that will be available.

Mark your calendar for Tuesday October 18, 2016. Show hours are 1:00 - 7:00 PM.

Response has been great with all the premium booths being spoken for along with several others. Over 70% of the booths have been spoken for.

Become a sponsor, get your logo in the spotlight. Contact Gary or Jim.
