

Are you taking full advantage of your ISA membership?

At the International Society of Automation (ISA), we offer members a wealth of benefits—that can significantly enhance your ISA experience, and help you to take full advantage of the premier resources and opportunities in the field of automation.

Below, you will find a handy reference guide that outlines ISA’s core member benefits and personal privileges and explains how to access them.

Core ISA Member Benefits	
Benefit	Direct link on isa.org
<p>► Section membership Join an ISA section in your local area. ISA section meetings ensure that members stay up to date on all matters and activities relating to ISA, and connect and interact with ISA members in their local areas.</p>	www.isa.org/sections
<p>► Online Viewing of Standards View more than 150 ISA standards, recommended practices, and technical reports online, free of charge, for your personal use. If you would like to download an ISA standards document, you may use your new Standards Redemption Coupon* towards its purchase.</p>	www.isa.org/standards
<p>► Member Discounts Receive discounts (20% in most cases) on training, publications, application for certification testing, and event registration. Purchasing just one training class as a member saves you more than USD 300 on average—one book purchase racks up USD 30 in savings—and one standard purchase results in USD 130 of savings!</p>	www.isa.org
<p>► Technical Paper Downloads Gain unlimited downloads of ISA technical papers (more than 5,500 of them) as downloadable PDF files. New papers are added each year as new conferences are conducted. A search guides retrieval of the papers by keyword, event, date, or author and will help you find the technical paper you seek.</p>	www.isa.org/technicalpapers

<p>► HotelStorm Receive exclusive hotel discounts through HotelStorm</p>	<p>www.isa.org/hotelstorm</p>

* The Standards Redemption Coupon is available for full dues-paying members only. The coupon is equal to the dollar amount you paid for your membership (e.g., USD 130 for one-year Members, USD 245 for a 2-year membership term, etc.). The option and ability to use the coupon is available in your online shopping cart and when you place an order with ISA Customer Service by phone. The coupon can be applied to downloadable and print versions of individual ISA standards documents only, and not the listed IEC documents. In addition, the coupon cannot be applied to any other standards-related products, such as software licenses and CDs. Unused money remains in your account for the balance of your paid membership term. The coupon is non-transferable. Note: Your redemption coupon must be used before your ISA membership expires because when your ISA membership expires, so does your coupon.
