SECTION-DIVISION LIAISON
Jackie Christensen
jackiechristensen@outlook.com
Greetings ISA Process Measurement and Control Division (PMCD) Members!

As incoming Director, I am leading an exciting time at ISA. 2020 is the 75th Anniversary of ISA, and we are marking the anniversary of the 75th through several activities this year, culminating with the PIC 2020 Conference in Houston.

ISA Connect will be coming online this year. We will be moving more newsletter and communications to Group page on LinkedIn and ISA Connect. Keep an eye on your LinkedIn Group account which will always have the latest and greatest news for you! I encourage all members to sign up.

PMCD board has two volunteer positions open:

- **ISA Connect**: 2-4 hours per month on keeping PMCD Community Up to Date

- **Young Professional Chair** – 1-2 hours per month on attending YPA meetings and designing programs for PMCD YPAs

Have you voted yet for our incoming officers for 2021?

If your ISA membership was active at the end of May 2020, you are eligible to vote. Go to the following link. The Candidate list is included on the last page of the newsletter.

Finally, I want to thank Murtaza Gandhi and his committee for their efforts. We gave out $15,000 in scholarships to students, and I am appreciative of their efforts.

Sincerely,

Ardis Bartle  
Director, Process Measurement and Control Division ISA
PMCD Scholarship Program (2020-2021)

The ISA Process Measurement and Control Division announces scholarship recipients for 2020-2021. The scholarship award is given to ISA student members who contribute to the society early in their careers are apt to become members for the long term. Applicants were nominated by PMCD members. Congratulations to all PMCD Scholarship Winners!

PMCD Membership

Get the Most out of Your Membership

- **Annual Events** - Participate in the conference
- **Industry News** - Receive PMCD director and director-elect messages posted on the division website
- **Leadership Opportunity** - Sharpen your leadership skills by helping plan and conduct various annual PMCD events
- **Technical Writing** - Submit industry papers, review papers, and participate in developing sessions
- **Networking** - Take advantage of the opportunity to network with other PMCD industry leaders
- **Valuable Information Resource** - PMCD provides its members with comprehensive technical information to aid them in their profession, and their membership supplies:
  - Comprehensive industry newsletters featuring articles and papers from PMCD members and symposium participants
  - Access to the PMCD website that provides industry technical papers, web seminars, and a list serve of industry peers

- PMCD focuses on primary sensors, control hardware and software, and final control elements. Our active technical committees reflect these areas of interest:
  - Automation and Control Systems
  - Flow Technology
  - Pressure Technology
  - Temperature Technology
  - Level Technology
  - Field Calibration Technology
  - Final Control Elements

PMCD promotes a highly professional, responsible image of the process measurement and control industry through its various programs and helps its members to develop that image and to succeed in a highly competitive market. As a PMCD member, you gain access to a wealth of professional knowledge, you now have the opportunity to share your experiences and learn from your peers.
All ISA events throughout 2020 will be virtual.

ISA introduces the Virtual Events Program, a series of virtual opportunities based on the pre-developed content for each event. These webinars and virtual events allow our registrants, members, and customers to engage with expert speakers, ask questions and participate in live, on-line discussions. Visit https://isaautomation.isa.org/virtual-events-program/ for more details.

PMCD will be participating with papers and speakers, and more details will be revealed. On May 28th, a virtual webinar on Securing Industrial Environments with OT Endpoint Management took place. PMCD will be sponsoring more of these events.

You can keep sign up for these webinars by PMCD by going to the link https://isaautomation.isa.org/virtual-events-program-process-control-and-instrumentation/.
Shape ISA by Voting Today!

ISA members vote each year to elect the leaders who will advance our Society's mission and vision. The positions open for election in 2020 are as follows. The slate of candidates is set, and the election will open 2 June. Candidate statements are included in the ballot.
