REFERENCE LETTER(S)

A letter of recommendation is recommended (but not required). Preference may be given to applications with letters of recommendation. Ideally, letters should be from a faculty member who is familiar with your educational program and not an immediate family member. Faculty recommendations should be on university/school letterhead and specific to the applicant (no 'form letters'). The reference should comment on your character and potential for leadership, and for making a significant contribution to an instrumentation, systems, and automation profession. This can be based upon specific examples drawn from your course work, projects, or activities. A confidential recommendation is not required. The letter of recommendation must be signed by the person making the recommendation. Please include the reference letter in your set of documents that make up your complete application, unless provided in confidence.

NOTE: If the person providing the letter wishes to write a confidential reference, please have him or her email an electronic (PDF) copy of the reference letter to educationchair@isakc.org with your full name and College or University referenced in the letter *and* email subject line.

Please provide the below information about your reference(s).
