

YAPFEST

Houston Section

• Become the future of automation.

Who: Engineering Students, Oil Field Professionals, and Young Automation Professionals

What: 2016 YAPFEST

When: Wednesday, 9 November 2016
4:00 p.m.–6:00 p.m.

Where: ISA Process Control & Safety Symposium and Exhibition
Houston Marriott Westchase
2900 Briarpark Drive
Houston, Texas 77042

Why: Enjoy food, and networking with current automation professionals—find out exactly what they do, and how you can prosper in a future automation career.

This unique networking event will give **Young Automation Professionals (YAPs)** and college students interested in automation careers the chance to interact with peers and automation companies in a festive atmosphere. This event will focus on the benefits of developing a strong professional network in your future career.

• Attendees will be able to...

- **Expand** their professional networks
- **Interact** with peers who share similar interests
- **Enhance** professional growth
- **Discover** new career opportunities
- **Learn** the value of networking through a professional membership association
- **Network** with prominent automation professionals and companies
