Get involved with the ISA Automation Control Systems Division

Congratulations on taking a career enhancing professional step by joining the ISA Automation Control Systems Division (ACOS). As a Member of ACOS, you benefit in two ways. First, you can network with your industry peers and share your expertise by volunteering for a variety of ACOS forums for knowledge sharing. Also, you will have access to the many benefits exclusive to ACOS Members such as:

- Attending annual co-sponsored ACOS conferences
- Receiving the ISA ACOS newsletter
- Networking with other ACOS industry leaders
- Submitting technical papers for presentation
- Opportunities to attend sessions of interest at the annual ISA EXPO
- Access to the ACOS Division list serve

Share your knowledge at www.isa.org/divisions/acos
Get the most out of your Division Membership

The Automatic Control Systems Division (also known as ACOS) is organized within the Automation and Technology Department of ISA. The goal of the ACOS Division is to exchange knowledge with leaders in the principles and practices of automatic control, applications and geological processes.

ACOS membership aligns your personal interests with your professional goals. You have a wealth of industry knowledge at your fingertips, and are on the cutting edge of technology and developments. In addition, you now have the opportunity to share your experiences as well as the opportunity to learn from your peers.

There are numerous benefits and professional opportunities presented by the ACOS Division:

- **ACOS Events.** Attend ACOS sponsored events that will help increase your visibility for you and your employer.

- **Leadership Opportunities.** The opportunity to sharpen your leadership skills by helping to plan and conduct various annual ACOS events.

- **Technical Writing.** Submit industry papers, review papers, and develop sessions for conferences.

- **Other ACOS-sponsored events.** ISA is one of eight member societies in The American Automatic Control Council (AACC), whose main technical activities is to sponsor, organize and run the annual “American Control Conference” (ACC). The ACC is usually held during the month of June. In addition, you will have the opportunity to organize technical symposia with other ISA Divisions, and attend the annual ISA EXPO.

**Valuable Information Resource.** In addition to the above, ACOS membership supplies:

- Two to three comprehensive industry newsletters per year featuring articles and papers from ACOS Division Members and symposium participants.

- Access to the ACOS website that provides industry technical papers, web seminars, and a list serve of industry peers.

Not a Member yet?
