Get involved with the ISA Construction and Design Division

Congratulations on taking a career enhancing professional step by joining the ISA Construction and Design Division (CONDES). As a member of CONDES, you benefit in two ways. First, you can network with your industry peers and share your expertise by volunteering for a variety of CONDES forums for knowledge sharing. Also, you will have access to the many benefits exclusive to CONDES Members such as:

- Improving your personal leadership skills
- Receiving ISA CONDES newsletters
- Submitting technical papers for presentation
- Attending sessions of interest at the annual ISA EXPO
- The CONDES Member list serve

Share your knowledge at [www.isa.org/divisions/condes](http://www.isa.org/divisions/condes)
The Construction and Design Division (also known as CONDES) is organized within the Industry and Sciences Department of ISA. The goal of CONDES Division is to support engineers, designers, and builders in the development of industry standards for the use and installation of instruments, systems, and automation in construction facilities.

CONDES membership aligns your personal interests with your professional goals. You have a wealth of industry knowledge at your fingertips, and are on the cutting edge of technology and developments. In addition, you now have the opportunity to share your experiences as well as the opportunity to learn from your peers.

There are numerous benefits and professional opportunities presented by CONDES:

- **Participation.** Be part of an active group that develops Standards and Recommended Practices within the Construction and Design industry.

- **Professional Development.** Establish liaisons with other standards-making organizations and have the opportunity to make a positive impact in the industry.

- **Networking.** Increase your visibility in the Construction and Design field for you and your employer and have the opportunity to network with other industry leaders.

- **Public Relations.** Increase value to your employer through the related publicity and share your experiences with the ultimate network of Construction and Design professionals and practitioners.

**Valuable Information Resource.** CONDES provides its Members with comprehensive technical information to aid them in their profession, and their membership supplies:

- Two or three comprehensive industry newsletters per year featuring articles and papers from CONDES Members and symposium participants.
- Access to the CONDES website that provides industry technical papers, web seminars, and a list serve of industry peers.

Get the most out of your Division Membership

Not a Member yet?
