- Participate in the Division list serve
- And, much more

Share your knowledge at www.isa.org/divisions/FPID

Welcome to the Food and Pharmaceutical Industries Division!

Setting the Standard for Automation™
Get the most out of your Division Membership

The Food and Pharmaceutical Industries Division (also known as FPID) is organized within the Industry and Sciences Department of ISA. The Food and Pharmaceutical Industries Division is the Division for sharing and understanding the latest technology for sensor, instrument, equipment, automation, computer-system, and software application for the Consumer Packaged Goods (CPG) and Pharmaceutical Supply Chains.

FPID membership aligns your personal interests with your professional goals. You have a wealth of industry knowledge at your fingertips, and are on the cutting edge of technology and developments. In addition, you now have the opportunity to share your experiences as well as the opportunity to learn from your peers. As a FPID Member there are numerous professional opportunities that include:

- **Networking.** A Division representing a knowledge base of design, engineering, system, software, process automation, validation, quality, research, and scientific professionals who have the opportunity to network with other FPID industry leaders at other FPID sponsored events.

- **Leadership.** The opportunity to sharpen your leadership skills by helping to plan and conduct various FPID events.

- **Events.** Supporting ISA EXPO by submitting industry papers, reviewing papers, and participating in session development. In addition, take part in specialized conferences such as the Process Analytical Technology (PAT) conference.

- **Knowledge.** The opportunity to share and enhance personal expertise for CPG product manufacturing and packaging, pharmaceutical R & D, clinical trials, and manufacturing of tablet formulations, parenterals and biotech products.

**Valuable Information Resource**

In addition to the above, FPID membership supplies:

- Two to three comprehensive industry newsletters per year.
- Access to the FPID website that provides industry technical papers, web seminars, and a list serve of industry peers.
